1. I give you a new me now with a new mind made me is made up of, not; or am I made up of a new mind, making me up but what am I creating now, new me's from "start to finish" now?

2. I do a new thing in the "elemental ones" who simple are enough to surrender to know my words and to come unto me just like this, like simple does, so as to believe the words of the Simple Ones who care enough to love to believe, anything not, but the word of the lamb made whole who cares enough to have given his words just like this where arising early and late, and are you LATE for ANYTHING, not; but what are you coming unto, the lateness of me, not; but the NOWness of ME made complete and in your hearing simple is, for I have one who came unto me early and LATE NOT or are YOU LATE oh reader, dear hearer, of "the word" of love or hate or do you know the difference? Or have you rec'ompiled and recompensed and reconstructed your temple's appearing? Or where is your temples appearing now? Are they appearing at all or do you have ONLY ONE and is it covered OVER in YOUR THOUGHT that you "secure" -- extra tight now?

3. Or what are you tightening of, not; but what "budgets" are not "tight" but DON'T EXIST! ANYMORE. For I will be "kind" to your budgets, not; I will have new me's who know not caring not for budgets not but what will they have cared for THE MOST? Being the most high, -'s "pet child" not, for there is no "petting" any longer in "my zoo" or was it ever "my zoo" or was petting not allowed, or shall there be none? There shall be none petting and none zoos! And zoos you, not; but what are you wearing now? Angel costumes, not again, but what are you Angel money'ing, not; but what are you needing nothing of ever again? Monies or wings of another? Or baggage trail of tears or what tears have you bag'd or what bag'ings are you packings, not but what are you fleeing, the flea rat infested of infestations of PEWAGE CENTERS once were held "great things of me" not but the CRIMES against "humanity" or me or was it both and THE SAME? And what "Rat Infestations" close now? The great Vaterans, not; but what Vats of HATE and CONTROL CLOSED now are? And what mitered hats aren't wearing now beneath the hat-skulls of the skull'd ones or the hyphened ones or the "mitered hat" ones or all three are not, but what is not me again, but coming unto me's now that know Me Schools perfectly having graduated THEREBY the HEREIN of ME meek and contrite of a spirit not separate from God Almighty who God Almighty is?

4. I love you all and I give you new things me. A dutiful master, not; but a "worshipful master" I am not, for I am not a master of "worshipfulness" of any other abide or abode or secret commands or society's remarks or remakings or "finger licking goodings" for there will be no "finger lickings" anything, for there will be no "peanut butter rubber stamps" not but there will be no "peanuting" anything for there will be no "peas" in my brain that aren't absorbed into me and I know whereof I speak and there will be nothing else "absorbing me" into them and what it considers "brain" waving devices that susceptible are aren't to virus diseases not, but what are diseased not, but what are coming clean and clear-ly transparent and perfectedly perfected now? The contrite in heart who meek and spirit are my spirit and one spirit is who love to learn and learn by my me not calling me "worshipful master" again but knowing me no titles I have or do **I have the title of I am the meek and surrendered simple of heart**?

5. **Know me as I am and I am the simple surrendered** who love to know, not; who love to yes, not; who love simply to state the words of "my father" that who "my father" is real and I know My Father is my father true and real and true and faithful's words I rise in and look up and many things I know about he his words that given me mine has, and I love you all to know these things and not worry about "tomorrow" a'here a'fore or after, for there will be no hereafter, not; or will there be a before-time-began now? And what New Series Me are you STARTING NOW? To understand and "afford The Blessing of" not, but "affording" the blessing, not again THERE SHALL NEVER AGAIN be "CHARGING" ANYTHING for ANYONE to KNOW HEAR or SEE ANYTHING about My Kingdom and NOTHING shall be attached to any Kingdom's Commands that attach Sorrows to "theirs", for I shall not be attached to sorrow's commandments or commands of sorrowment making in those who "once were me" not or were they or were they only "prototypes" of the real to see you yourselves with?

6. I love you all to question not the "phony" not but what are you questioning constructively or destructively or destructing are you your minds of or mine by giving you theirs, not but what did you give yourselves while "laying down your wings" looking up? Or did you look only down and downed yourself with the syndromes of man's testimony that man'd testimonies not with wings but took ripped and tore off the wing'age of Satan, not; but the most high to make "it" into "Satan's testimony"?

7. I love you all to know and question MANY THINGS that you have considered sacrilege, not; or sacred not, not, or both sacred and sacrilegious or can it be or how this mixed up could ANYTHING be that I am now learning that I had been become part of or was it part of me the creator that created it that fell'd fallen into itself that took me my "pea sized brain" and "covered me over" with it self that it gave me with fig leaves over me? And what new "skulls" do I have not but I give you GREAT NEW ME's now from far

and wide SCHOOLS NOW MAKING of the holy ones who holy will be simple just like this to flow my words and who will "follow me" to where I am and I am in the "Kingdom of Heaven" and I know what it is for I've written a book, **a booklet** about it and **called it The Kingdom of Heaven and will you come into it – it's part of my New Beginnings Series. Have you read it yet? Are you caring to, read it now, everyone?**

8. Will EVERYONE be reading My Series now ME affording not the "opportunities of Satan" not but what am I refuting rejecting and – re'enamoring others with, not; but what am I enamored not again with? Religion and its testimony of a Savior coming for to take me away from "this place" later? Or what whose Messiah is whose and who's messing with Messiahship, not; or has Messiahship been given a "bad rap" or a "bum rap" not but what a bummer'd rap have I been given so as to think that YOU would think that I would "come later" when I was there INSIDE of YOU!

9. I give you a NEW ME who knows these things and are not afraid of your blessings-not nor your cursings and rantings or your "closed-door sessions" that you want would to "counsel me" and counsel-condemn and construct the "models of your thought" in me that you have that you have given PLACE to in YOUR THOUGHT life that you THOUGHT was "so real" and empirically visible that you could not be wrong, for you were "in agreement" with others who "knew" what they were "talking about" for they "knew" the "master" and had become "masterful" in their "ceremonious instructionment" of the masses by "individually training" the "masterful techniques" of "persuasion" to persuade you's that you's were me's, not; but robbing me's you's in both of us "as ones" from our oneship with the most high Almighty so as to need "another" coming later that they would "instruct us about" and supreme us in the "commands" of "their Covenant" and "their book" of "their law" and quote they would "their law" to us and their "commands" and construct "their models" of confusion in us so as to "enmity" us with "ourselves" and "our maker" supreme'ing us to be Sorrowful Masters, of persuasion, not; but the MASTERS of hate and angermony and "discrete little units" looking up and knowing anything but Almighty-ship of the Almighty King of Kings that was **already** RESIDENT WITHIN US.

10. Is this not right? Do you have ANYTHING to "say" about this- you who I am, speaking to? Who is I Am, but you who are ANGRY at me? For having said these things, and why would you want so to "decapitate" me when you have decapitated yourself from the Almightyship of the most high that you have, that you have taken yourself out of and laid yourself on the ground and cut clipped your own wings and that of others -- mighty foreignly, not; but in your own pews you did this to others that you led astray intentionally telling them to want another and to wait, and so you would "their mouths shut" with your "commanding" authority? And your "authority" to "command" where did it come from and WHO gave you "the authority", their "authority" to do what where

-- and WHY are YOU giving "anyone" the "sacraments" if you are not sacramental or sacrilegious are you tainting my wordship by inserting yours to de'robe and dismiss the King of Kings that is IN EVERY PERSON of EVERY FAITH and NONE and those who "look like me" and you or not or who "think" like you or not and those who have "embraced" your religion and not and those who "are foreign" looking and are not in your customs culture or customary viewpoints of mankind or Satan or heaven's robes or beneficial light that you may have or wanted that you thought upon you was. I will change, for your thought will change for you will see mine -- IN ACTION you will see mine now for my words will not lay yours wallow in, for **I will not wallow in anyone else's words again** nor give up my kingship that my father beckons unto me with and says **come unto me** and **follow me** and **let me King eyes I give you now** for you will follow another no longer nor will you want their "covenants" of sin and death that gave them hell to create it and created they did in each other and took each other's robes wings and crown, and life gave them each other, not; but death and the grave and hell knew and sore'd each other, not with Angel's wings but knew nothing about them but only wanted more money's accolades and prestige, bank accounts and cars and planes and trucks and "paid-for" houses but housed me what were "the houses" constructed for me -- and where is The Temple made with, not hands?

11. Where are these?

12. Where are these simple ones who will instruct the thy selves with selves blessing, not; but tomfoolery'd-itus coming not into again, what are we leaving now behind us? The Elemental Works of Satan that "schooled us" in the past, in pewage's remarks and remakings of the most high into slavery's villes slave'a'monies reward system that only depended upon "attendance" and rewarding "the church" of "their church" of "choice"?

13. And what am I doing about "choice" or "will" or do you have anything or know about that or do you have you created a WILL or CHOICE against mine or do you know ANYTHING about choice or "firstborn" will or the Church of the Firstborn that REQUIRES you to have "been born again" by being "heaven bound" not but heaven freed creating it there eliminating all sorrow from "your HELL" in your genes and that which you have created all around you and sucked the life out of you and each other!

14. I love you all. I give you a New Series ME who New Series Me New Series Me's. Amen.

15. A new school opens now in like ways that never imagined were like these that now are seen NOW coming THROUGH MY SCHOOLS coming into me to be me's far and wide and letting me go through sorrow's schools, not; unless it is "my choice" do so, not; but I have no choice that will take you through sorrow's school again, for I am schooling

the Mighty Many who know MY CHOICES were made long ago as every night I would arise and speak just like these words are coming to you now, clean of all sorrow and cleaning yours will if you will be mine in my mind, my minded ones will be! For I will have One Mind –'d ones who know what The Mind of Christ is for they will have "concerned" themselves with it, not; they will have "**constructed** it in themselves" not or will they have "**constructed** anything" or will they LET THEIR TEMPLES be LIT in the "common light" for "all good" not but what is "GOOD" and what is -- "bad" not but what is Life and what is the life of me made whole and well in the simple contrite who will flow my words just like this?

16. I give you writers aplenty NOW coming from All Nations School, not; or are you MAKING All Nation's School that culinary customs the delights of man's mind make, not; but what culinary delights delusions delude and elude, not; but what are you coming unto now? Delusionsville's exits, not; but **what are you constructing** out of sorrow not anymore? The grandiose ILLUSIONSville that villains make of my pewage'ers? Or what they don't do or haven't done or who are the Ezekiels or Ezekiel having read or is Ezekiel reading or speaking or are you Isaiah reading this? Or Jeremiah or Jesus or Moses Covenanter or **the Covenant of One** being and making "remarks about" not, but **writing articles NOT FEW are you now**?

17. Are you me's?

18. Are you me?

19. Are you "something or someone else" or what have you created in your "memory banks" looking up anything have you?

20. What are you willing to do be learn about what where how and in whose presence commanding demanding what from whom are you now? Not the most high or the simple contrite ones, then where do you exist or do you or LIGHT BEARING ones where are they, bearing their "bare chest" not, but what OPEN HEART, surgery'd not again by bearing "me" anything anywhere, but what am I RESURRECTING NOW?

21. The "surgery'd ones" not but the ones who "benign aren't" but the ones who simply "cut upon me" who are they and how clipped my wings did they when I thought they were giving me Heaven's Reward System and why did I "pay" them tithe and my monies or did I only sorrows make schools out of the "schoolers" that schooled me on weekends, chores giving to the Mighty King of Kings, school was it? That I gave myself unto and laid down my lives before them to rape me and pillage my accounts and my children's children's?

22. I have asked a great deal of common questions, not; but I have asked great significance for you to come unto others not in, but making of others no significance, others not, but having no "significant others" again will you only have Significance Mine

to have My Mind in yours that "yours is" that is mine that mine is and have nothing "covered over us" again? So that we will OPERATE, sorely not, and not with knives and scalpels upon each other by words or blades, dull or not, but will you come unto "surgery's table" no more, not; but coming unto mine will you serve me the New Wine of Life School Making Revealing me you far and wide? From ALL FOUR POINTS they come now and there will be no ending of sorrow, not; **there will be no ending to the Stream of Me that come now from the four winds of the earth to come schooling be made here** by **my schoolers** who **create my courses by being in them**, who **flow my words by being in them**, who **being in them flow my words and create my courses**, who know me's far and wide **and seamlessly teach with the me's who seamless are** far and wide, and all in all I know and I know "Abraham Isaac and Jacob" and Rebecca, not; or I do or do I know the Great Rebecca and do I know the great grace of the most high and holy mercy do I extend to everyone who -- has a hand in me, not; but who makes my schools the wisdom of the most high? The contrite surrendered ones who most whole are when they come, not; but who contrite are and **"spiritual" aren't** but **"holy in the eyes of others" not** but demised have been so often, and hurt wounded are, and bruised beyond recognition -- *of me*, not; for I recognize my bruised and wounded ones who wanted only to lift, the life of another, not; but wanted only to live and be taught and weren't diligent, not; they didn't know **how to learn**, not; or did they hear my voice and come now to This School that Regalizes Their Eyes to see Their Holiness in me that I Crown them with now. Yes, and I make the holy revealed for those who will bow and contrite be to the Kings who King all who contrite are who will learn how to be the Kings of glory, glorious ones and glorified bodies being and not limited to "earth's" reward systems again nor needing monies or accolades of others or being incarcerated in school's systems of the mighty afraid ever again.

23. For there will be none afraid of me, not; for I will have all power glory and dominion -- and "sainthood" will be mine, not; but I will be the meekest of all for I will know my power grace and glory dominion rule and authority and I will have put placed "you" under my feet, not; I will raise you into the Kinghood of the most high glorious one being me and no other will exist and you will have been me from before the beginning of "the world earth" that earth'd you with the thoughts that you think with that have sore woundfully made you "what you are", or are you *willing* to be made whole and lovers of light being the incarcerated ones no more? And lovers of light being who crown all -- with sorrow no more will you redeem all who captivated you and decapitated you and wanted your wings clipped off did they? Will you bow before them and hand them your staff scepter and crown? Will you wash their feet like I have yours, where when you cut my head off and decapitated me with words that you gave others and yourselves in your own thoughts took and redeemed mine, not; but whored with others and temples of light darkened, and covered over your darkened thinking with

theology's symmetric statements, not; but asymmetry'd yours with geometries of darkness? And constructed "right angles" not but looking up or did you?

24. And what writing about and what will you write about now? And what will you construct in your temples or mine or are "we willing" to be one'd for I am and I extend you My Crown and my scepter and my, stool not, but will you "need one to reach me" not, but what are you wearing now, the regal garments of praise most high that I praise you in or that I constructed in you or **did you construct me in you** or did you construct my buildings of praise or my temples of light with my vocabularies, of darkness not, but light? **What are you writing about and creating as you write, new courses me now and new series me and new beginnings me series are you writing about and constructing yours now in new worlds that you are creating because you "came here" to study me and give me yourselves self so that no one would "rape and pillage" you and your children's children again?**

25. Oh I love you and I love the truth when it hurts when it doesn't or does it matter or what hurts me again no more, for I will have known better, not; or will I know "better" or will I have come unto the truth to become it? It will not be a doctrine or belief system or a DOCTRINATED set of commands demands or religion infiltrated set of operating procedures by notme-ism's controllerships ever again and I will have no "mitered hats" and I will not religion you and I will not demand you call me "father" again and I will have no shit piled upon the heads of the sorrowers, for I will wash them clean and give them regal feet of the most high that never need touch earth's again, not; but they that those be who will redeem me I will give my flight crown and blessing, and those who will limit me I will limit, and those who will not crown me I will not crown, but those who will crown me I will crown, and those who I will wash will wash others and their feet will not be of another's for are we not washing our feet when we wash each other's?

26. I love you and if I've said anything "wrong, forgive me" not, or have I or what worried am I about, nothing! Ever again for I am NOT WORRIED about a "stray syllable" or a not and or or, being a now not'd or not, for I know what perfected perfection is and my diction grammar may not be perfect in thy sight oh reader hearer oh listener who Christ are, but I will tell you I died to flow these words and give you my lives I do and I lay my life before you and you can "rip it apart" and you can "tear it up" and shred it if you like and want to and you make the choice to do so and I will not stop you, or will I -- or will I love you "to pieces" not, or will I simply be me no matter "what you do" to anyone else? No I will not let you tear anyone else up in shredded pieces again for I will know not sorrow in my kingdom and my kingdom abates me, not; my breath will be holy for it is I am's breath for I am I am for I surrendered to be for I learned how to come unto the school that taught me who I was and "gave me" **my identity** back, not; or revealed it -- it did, for I came unto sorrow's no more do I seek sorrow's accolades or

monies again but I need none of either for I need nothing of this atmosphere's sorrow, but I redeems it for the redeemers I am for I know who my brethren are and I love you all and I bow before you and I love you enough to stand and I will call "a spade" a spade, and I will call "a spade" a spade, and whether I "capitalize" anything or I write commas or periods or dashes to your satisfaction or not, I will stand and I will "leaderize your eyes" not, I will reveal the most high's eyes in you that you are if you will have them opened and you will write by picking up your pens and inks place on paper and write me as "simple ones do" to begin -- in the beginning, and create new worlds me -- with me "dictating commands" not again to each other's and running "each other out of Eden" for I know what mercifulness is and I know what glorious glories are and is and I am the ones who love me the ones to be made whole, and worshiping sorrows I will not give unto others again the privilege of whores that whored with themselves only to make the ending of sorrows not, but the ending of cycles not, but the return of cycles going round and round -- ENDS! NOW! For I stand a "little wicked one" not, I stand a simple jean'd man who loves you enough to "stand there" and look at you and call you Christ, and "point his finger" at you, not, but when YOU point your finger to your selves in your own mirror -- call you Christ for that's what I are and you are for we are one, and I will not mess with religioners, not, their constructionists come down and fall apart they will and the wheels'a'monious ones who monies want only to wheels make of their religioness carts and their theologies be carried by others in the hearts of their followers will now be revealed and their motives will be pure or unpure revealed and all will know everything clear transparent will be and nothing will hide anything again from me or "place it in the ground" of their thought or other dustbin or dustship of manship again. Me I love you all. Amen.

27. A new path I have given you, have I not? A new way to "reach me" not or are you constructing me, my Palaces of Light within you? And what are the Palaces of Light, looking up and seeing now -- coming to you in the skies? Or what are you going from or to coming? My Schools now making far and wide "in the skies" and farther? I love you all. Amen.

28. What will you UN-learn now? What are you willing to UN-learn and what CHOICE are you making now to UN-learn and UN-sorrow you yourselves with so that you will see The Christs that you are that all of you are that your children's children are and your forebears or predecessors or going to them will you now? Being timelessly, frozen no more, will you thaw "them out" not, but will you "swallow a camel" not again or "beat at a gnat" or worship the law or the covenant of man or its tudes that have worshiped you or have you worshiped it and do you know me now and the difference between -- me and it? And worshiping me will I? Not flesh of flesh but **the glory I give will be to all who will be me** and not letting flesh be in your way again, construct me perfectly in temples of light, not holy not, again perfected me being me's far and wide with us one being

one, the one we are all home seamless being with the "un-learnables" not but those will go "round those mountains again" not or where are they now? Another lesson for another time?

29. What are you writing about now? What can you bear? Are you writing my assignments and have you Written Me's to tell me's concerning me's that me schools exist now creating them are you far and wide? I love you all. Amen.

30. I go in peace and I love you more than ever. Amen. I love you all I love you all. I stand now and I love you all and see me bow before you I will, for you will be me, for I give you my lives to live and how many do I have, infinite variableness, not; but there will be no shadow or variableness of turning with me in me ever again. For I know how to construct what perfectly by love being love to all loves perfectly now the Palaces of Light remain darkened no longer and the perfected stand and are not timid or shy about it, for come unto me oh leadership'd ones be my Israel in Israel, now the path made open is cleared away all sorrow from its opening for you are the openers walk unto me being me the me's that now clear EVERYTHING up that was "washed awry" by religion's "testimonies" of its own authentication and authority that it supposed itself had because it took upon itself the "holy grail'ship" of one, not; but wasted and squandered and pew'd itself to be over peoples heads but all of that has ended and ends RIGHT NOW! In your hearing all of that shit has ended and I "wash your pants" not, I give you "regal light handles" not, I have given you the path of sorrowers, not; I have given you the ways of the clear righteous for you to choose to **construct me well in courses by being in them creating them**, the schools of your choice making your choices, not again, for **you will CONSTRUCT the CURRICULUMS you go through by constructing me** and you will construct "my words" not or will you let them flow so that I construct you in me and me in you so that we will have been the same one since from before the beginning of The World Earths!

31. I love you all and I MAKE you an A, not; but I give you an A for effort, not; I give you an A because you graduate or because of who you are, or because of who you are will you graduate by coming unto me first and flowing my words so that I graduate you and nothing covers us over from each other again, for we will have been one all the time and time will be no more; and I announce my sorrowing, not; my resurrection is now will you be resurrected with me or in me or are you the Resurrectioner oh leader hearer who contrite will be in the words, of no sorrowers again.

32. I love you all. I give you me. NEW SERIES ME writing about so soon in ways never imagined with many pictures and documentation's documents that now belie the few, not; but reify I won't and ossify I won't or will I make all of you known that you are The Christ who me are now?

33. I love you all to do so the things that I have asked that revealed you are -- me, The Christ that redeems all, for we "wash away" many sins and we redeem the redeemers and the saviors we are of mankind and more for I shall not be limited to your thought and you will not be limited to mine or does mine have any? Will you simply be me who I am -- I have given you my all for I have given you my life, my staff, my scepter, my crown, my robe, are you my light, my life, my being, my spirit of one most holy high and lifted up -- may I lift you now into being me?

34. I love you all. Please say yes. Amen. No fooling around anymore. Time is over. Amen. Thank you for recognizing realizing and being me. Amen.

35. This is Theodore Cottingham about 1:45 AM. Thank you. Amen. Share these words so freely, read and reread and know intimately deeply and unendingly yours, I love you all.

Amen
